

**WHO IS  
MMM INTERNATIONAL**  
[MOBILE MISSION MAINTENANCE]

The purpose of **MMM International** is to build, renovate and maintain properties and facilities used in conjunction with community based and Christian activities.

**MMM** provides building labour to community groups and Christian ministries so they can be released from **building, renovating** and **maintenance** works and are able to focus on their work of reaching out with the love of Christ.

Ministries assisted include churches and education, health care and evangelism outreaches and faith missions operating both in Zambia and around the world.

**MISSION STATEMENT**

**MMM International** exists to spread the Gospel of Jesus Christ by building, renovating and maintaining facilities used in Christian outreach. It **supports** and **encourages** Christian work and workers while creating awareness of global missions, and challenging people to become involved.

**Vision**

- To see the Church operate with adequate facilities for people of every nation.
- To see believers empowered, equipped and mobilized to fulfil the Great Commission.

MMM is non-denominational in its character.

**MINISTRIES OF  
MMM INTERNATIONAL ZAMBIA:**

## WANT MORE INFORMATION?

For more specific details of how a project is run with **MMM** please contact us, refer overleaf.

**MMM International** has helped thousands of diverse organisations around the world over the last 25 years. During this time the approach to completing projects has been refined. An **MMM** representative would be happy to discuss with you further the application process and the possibility of using **MMM** to conduct your building project.

Application for Assistance Forms are available from **MMM**. Applications must be accompanied by a copy of the Statement of Faith and/or Purpose Statement of the Organisation. After consideration of your application, proposed plans and degree of urgency/priority, the suitability of **MMM** conducting your project will be established. If all parties are in agreement of **MMM's** involvement, a project contract will be formulated.

## HOW MMM PROJECTS WORK

**MMM** provides the labour for the project while the recipients provide the planning and materials for the project in addition to basic support for **MMM**.

Plan, Council permits, computations and supply of materials are the responsibility of the organisation being assisted.

While it is **MMM's** God given charter to 'build and renovate' to assist the spread of the Gospel, it is a faith based mission. **MMM** cannot operate without the financial support of those for whom we undertake projects. Therefore **MMM** relies on donations from the organisations and churches it supports to help cover transport costs, lodging and food for the project team.

It is a requirement for organizations assisted by **MMM** to make financial contributions towards the ongoing expenses of **MMM**. Contributions are determined using a basis of time or construction phase for a project. This contribution is in addition to covering the project team's transport and food (lunch) costs. For project sites outside the Ndola area, the organisation being assisted is requested to cover all food and lodging expenses of the project team.

## PROJECTS & MMM VTC

Project work is conducted by students of **MMM's Vocational Training Centre**, under the supervision of experienced Project Coordinators.

The **VTC** is a ministry of **MMM International Zambia** which provides practical skills training in the fields of bricklaying and plastering; carpentry and joinery; construction management; and tailoring. The **VTC** aims to **empower, encourage** and **equip** people, young and old, to make a difference.

Student involvement on projects provides them with a vast range of **practical learning experiences** that assist them in learning their trade. Project work teams can also consist of graduates of the VTC who have a passion to serve in a practical way or expatriate teams.
